EDUCATION

Year	Degree	Institute	CGPA/%
2023–Present	B.Tech CSE	Graphic Era Hill University, Dehradun	8.8/10.0
2023	12th CBSE	Saigrace Academy International School, Dehradun	83.33%

PROJECTS

- **Road Accident Detection and Alert System (DL)** *February 2025*
Guide: Mr.Amit Gupta
 - Built a deep learning model for real-time accident detection from video streams using CNN for classification and automated emergency alert generation, achieving 89% accuracy on test data.
 - Developed a user interface to visualize real-time detection results and deployed the solution using Streamlit.
 - **Technologies Used:** Python, CNN, OpenCV, TensorFlow, Streamlit.
- **Customer Churn Prediction (ML)** *March 2025*
Guide: Mr.Amit Gupta
 - Developed a machine learning model to predict customer churn, using the IBM Telco Customer Churn dataset.
 - Applied data preprocessing, feature engineering, and hyperparameter tuning for optimization and improved model performance.
 - **Technologies Used:** Python, Pandas, NumPy, Scikit-learn, Matplotlib, Seaborn, XGBoost.
- **Product-Review-Sentiment-Analysis-System (ML)** *June 2025*
Guide: Mr.Akshay Rajput
 - Engineered a Natural Language Processing system utilizing the Amazon Customer Reviews dataset to classify customer sentiment with 78% accuracy, identifying the top three drivers of negative customer feedback.
 - Improved model performance by 7% through feature engineering and TF-IDF optimization.
 - **Technologies Used:** NumPy, Pandas, Scikit-learn, TF-IDF, Matplotlib.
- **Sorting Algorithm Visualizer (Frontend)** *November 2025*
Guide: Ms.Ayushi Jain
 - Developed an interactive tool to visualize sorting algorithms with real-time animations, enhancing understanding of data structures and algorithm flow.
 - **Technologies Used:** HTML, CSS, JavaScript.

SKILLS

- **Languages:** C, C++, HTML, CSS, JavaScript, SQL
- **Tools/Libraries/Frameworks:** Git, VS Code, GitHub, OpenCV, TensorFlow, Pandas, NumPy, Matplotlib, Scikit-learn, XGBoost

ACHIEVEMENTS

- Solved 400+ problems on LeetCode with a 70% acceptance rate and participated in contests regularly.
- Selected as a Contributor for **GirlScript Summer of Code 2025 (GSSoC '25)**.
